

2019-20 PACIFIC TIGERS MEN'S BASKETBALL

THE IMPACT OF DAMON'S CIRCLE

In 2016, the Pacific Athletic Foundation (PAF) and Coach Damon Stoudamire established “*Damon’s Circle*” to support the Pacific men’s basketball program and its initiatives. Each year presents new challenges and as each year unfolds, it is the support of our most loyal fans who are vital in maintaining and growing the tradition of Men’s Basketball program. Now in its fourth season, this elite booster club is designed to help increase the funding for the Men’s Basketball program with contributions designated to enhancing key areas of support.

Contributions raised from Damon’s Circle may be designated to enhance the following:

- National Recruiting Efforts
- Team Travel
- Team Meals

“I deeply want to thank the Tiger Faithful for their unwavering commitment to myself, my staff, and most importantly our players. The funds raised this season through Damon’s Circle directly correlate to the basketball product that we want to put on display in front of our loyal fans because the dollars raised directly impact our recruiting efforts. Our goal is to recruit nationwide in an effort to find the very best student-athletes for the Pacific Tigers Men’s Basketball Program.”

- Damon Stoudamire, Pacific Tigers Men’s Basketball Head Coach

As a member of Damon’s Circle, you will receive benefits in a “VIP” setting as well as gain behind-the-scenes access to the coaches, staff, and the team. This is your opportunity to be part of the team through your generous support of a gift of \$5,000 or above annually and make a huge impact on our program by joining Damon’s Circle.
