ADAM TSCHUOR
DIRECTOR OF ATHLETICS

On behalf of the Pacific Athletic Foundation, I want to extend our heartfelt gratitude for your generous contribution. Your support plays a crucial role in advancing our mission and empowering student-athletes to achieve their fullest potential.

Thanks to your donation, we were able to continue funding vital programs, enhancing facilities, and providing scholarships that make a significant impact on the lives of our student-athletes. Your commitment ensures that our student-athletes receive not only the best training and resources, but also the encouragement and support they need to excel both on and off the field.

We are thrilled to share some recent accomplishments that your contribution helped make possible:

- Five postseason appearances in 2023-24
- Overall department GPA of 3.27 and nearly 80% of our student-athletes achieved a 3.0 GPA or higher
- Nearly three dozen All-Conference honorees and the men's tennis WCC Coach of the Year Robin Goodman
- Men's tennis ranked as high as No. 47 nationally after riding a 14-match winning-streak
- 10 school records broken by the track squad
- Women's soccer will carry-over a 14-match unbeaten non-conference home streak into 2024

Every success story we share is a testament to the difference supporters like you make. Your belief in our mission is not just appreciated—it is vital to our continued success and growth. With the landscape of college athletics changing dramatically, not only is your support more important than ever, but the growth of your support as well.

We look forward to keeping you updated on our progress and sharing future successes that are made possible by your generosity.

Thank you once again for your invaluable contribution. If you have any questions or would like to discuss how you can further engage with the Foundation, please don't hesitate to reach out.

INVEST

"I, along with our entire team, have greatly benefited from the generous investments made into our program via the PAF. Knowing that we have the unwavering support of not only our coaches and families, but the loyal PAF community, makes wearing the Pacific name on our back an even greater privilege."

ENHANCE

"The athletic training staff along with the strength and conditioning team at Pacific has made my transition to life as a student-athlete seamless. Both staffs are full of personable and knowledgeable individuals that I have full faith and trust in. In addition, the Douglass Eberhardt Aquatics Center and the Pacific Intercollegiate Athletic Center are two places I consider a home away from home on campus."

REUEL D'SOUZA

IMPACT

"Attending Pacific has impacted me as both a student and an athlete because I have been forced to challenge myself both on the court and in the classroom. Pacific has been a step up in intensity and I am enjoying rising to the challenge."

PACIFIC ESTABLISHES

CASABA CLUB

TO SUPPORT MEN'S & WOMEN'S BASKETBALL PROGRAMS

The Casaba Club was the original basketball support group that, along with the Quarterback Club in football, were the precursors to the Pacific Athletic Foundation. Membership will provide funds to elevate and sustain championship caliber NCAA Division I basketball programs and allow members exclusive access to the coaches and student-athletes.

"I'm excited about launching the Casaba Club to support our basketball programs and assist in our vision of winning championships. As we strive to position ourselves at the top of the West Coast Conference, having the Casaba Club invest in our student-athletes, coaches, facilities and our pursuit of championships will be a pillar for sustained success. I'm looking forward to engaging our fans, alumni and community to aid in this new avenue for achievements," said director of athletics, Adam Tschuor.

Membership costs \$6,000 a year or \$500 a month and includes exclusive access to interact with athletes and coaches including select open practices, invitation to team events and in-game experiences. It also includes high quality "Team Only" Casaba Club/Pacific Tigers Adidas branded gear not available to the public and first priority on WCC postseason tickets and hotel room access, including the NCAA Tournament.

The Casaba Club will provide aid to the basketball programs in several areas including Alston money, foreign tours every four years, improved scheduling, charter travel and more.

Casaba was used in reference to a variety of melons prevalent to the region and was used as recognizing both the significant impact that produce has on the local community, as well as honoring long time Pacific Athletics supporter and former Board of Regent member, Don Smith, a prominent melon and vegetable producer.

The Casaba Club is the newly established support group for Pacific Men's and Women's Basketball. Members at the \$6,000 level will provide funds to elevate and sustain championship caliber NCAA Division I basketball program and allow members exclusive access to the coaches and student-athletes.
